Have you ever misappropriation NA funds, please explain:

No.

What resources and experience (presentation skills, school work, volunteer, etc.) do you believe you can bring to this position for which you have been nominated?

I am able to dictate while others are speaking, as I can type quickly and provide a detailed report for each meeting. I currently use the computer and type notes around 20 hours per week based on what others discuss, I am able to translate easily. I have a Master degree for my education. I have the confidence to be able to discuss the report for the month prior.

Please include any other information which you consider relevant to your nomination:

This would be my first time being able to serve on an area level for narcotics anonymous, which I want to be able to give back, which was so freely given to me. I know I am not able to keep my recovery unless I give it away. Thank you for your consideration.
